appointed June 9, were listed as tol in 1793,

Admire it! Notice how Ford's long, low lines and uncluttered styling clearly reflect the fabulous Thunderbird. Notice its nearly 20% larger wrap-around windshield . . . its visored head lights . . . its lower, larger tail lights. Thunderbird styling is years ahead—totally unlike any other car on the road. And its yours in any of Ford's 16 new body styles you select.

Ford has no peer in build!

This year, Ford has a stronger-than-ever chassis and hulltight body. The frame has 5 big eross members, including a rigid K-bar. The body is

welded—with no rust-inviting seams or "rattlerousing" bolts. And insulation is everywhereunder the hood, roof, floor . . . even in the trunk. No wonder Fords hang onto their value

Ford's Trigger-Torque Power gives you instant obedience!

Test Drive it! Feel Ford's new Trigger-Torque power obey your commands in a split second! No other '55 car is more exciting to drive . . . nor gives you a greater feeling of security in traffic. And no car maker can match Ford's 23-year experience in building over 15 million V-8's. Why not drive a Ford V-8 home tonight?

appointed June 9, were listed as tol in 1793,

Admire it! Notice how Ford's long, low lines and uncluttered styling clearly reflect the fabulous Thunderbird. Notice its nearly 20% larger wrap-around windshield . . . its visored head lights . . . its lower, larger tail lights. Thunderbird styling is years ahead—totally unlike any other car on the road. And its yours in any of Ford's 16 new body styles you select.

Ford has no peer in build!

This year, Ford has a stronger-than-ever chassis and hulltight body. The frame has 5 big eross members, including a rigid K-bar. The body is

welded—with no rust-inviting seams or "rattlerousing" bolts. And insulation is everywhereunder the hood, roof, floor . . . even in the trunk. No wonder Fords hang onto their value

Ford's Trigger-Torque Power gives you instant obedience!

Test Drive it! Feel Ford's new Trigger-Torque power obey your commands in a split second! No other '55 car is more exciting to drive . . . nor gives you a greater feeling of security in traffic. And no car maker can match Ford's 23-year experience in building over 15 million V-8's. Why not drive a Ford V-8 home tonight?

appointed June 9, were listed as tol in 1793,

Admire it! Notice how Ford's long, low lines and uncluttered styling clearly reflect the fabulous Thunderbird. Notice its nearly 20% larger wrap-around windshield . . . its visored head lights . . . its lower, larger tail lights. Thunderbird styling is years ahead—totally unlike any other car on the road. And its yours in any of Ford's 16 new body styles you select.

Ford has no peer in build!

This year, Ford has a stronger-than-ever chassis and hulltight body. The frame has 5 big eross members, including a rigid K-bar. The body is

welded—with no rust-inviting seams or "rattlerousing" bolts. And insulation is everywhereunder the hood, roof, floor . . . even in the trunk. No wonder Fords hang onto their value

Ford's Trigger-Torque Power gives you instant obedience!

Test Drive it! Feel Ford's new Trigger-Torque power obey your commands in a split second! No other '55 car is more exciting to drive . . . nor gives you a greater feeling of security in traffic. And no car maker can match Ford's 23-year experience in building over 15 million V-8's. Why not drive a Ford V-8 home tonight?

appointed June 9, were listed as tol in 1793,

Admire it! Notice how Ford's long, low lines and uncluttered styling clearly reflect the fabulous Thunderbird. Notice its nearly 20% larger wrap-around windshield . . . its visored head lights . . . its lower, larger tail lights. Thunderbird styling is years ahead—totally unlike any other car on the road. And its yours in any of Ford's 16 new body styles you select.

Ford has no peer in build!

This year, Ford has a stronger-than-ever chassis and hulltight body. The frame has 5 big eross members, including a rigid K-bar. The body is

welded—with no rust-inviting seams or "rattlerousing" bolts. And insulation is everywhereunder the hood, roof, floor . . . even in the trunk. No wonder Fords hang onto their value

Ford's Trigger-Torque Power gives you instant obedience!

Test Drive it! Feel Ford's new Trigger-Torque power obey your commands in a split second! No other '55 car is more exciting to drive . . . nor gives you a greater feeling of security in traffic. And no car maker can match Ford's 23-year experience in building over 15 million V-8's. Why not drive a Ford V-8 home tonight?

appointed June 9, were listed as tol in 1793,

Admire it! Notice how Ford's long, low lines and uncluttered styling clearly reflect the fabulous Thunderbird. Notice its nearly 20% larger wrap-around windshield . . . its visored head lights . . . its lower, larger tail lights. Thunderbird styling is years ahead—totally unlike any other car on the road. And its yours in any of Ford's 16 new body styles you select.

Ford has no peer in build!

This year, Ford has a stronger-than-ever chassis and hulltight body. The frame has 5 big eross members, including a rigid K-bar. The body is

welded—with no rust-inviting seams or "rattlerousing" bolts. And insulation is everywhereunder the hood, roof, floor . . . even in the trunk. No wonder Fords hang onto their value

Ford's Trigger-Torque Power gives you instant obedience!

Test Drive it! Feel Ford's new Trigger-Torque power obey your commands in a split second! No other '55 car is more exciting to drive . . . nor gives you a greater feeling of security in traffic. And no car maker can match Ford's 23-year experience in building over 15 million V-8's. Why not drive a Ford V-8 home tonight?

appointed June 9, were listed as tol in 1793,

Admire it! Notice how Ford's long, low lines and uncluttered styling clearly reflect the fabulous Thunderbird. Notice its nearly 20% larger wrap-around windshield . . . its visored head lights . . . its lower, larger tail lights. Thunderbird styling is years ahead—totally unlike any other car on the road. And its yours in any of Ford's 16 new body styles you select.

Ford has no peer in build!

This year, Ford has a stronger-than-ever chassis and hulltight body. The frame has 5 big eross members, including a rigid K-bar. The body is

welded—with no rust-inviting seams or "rattlerousing" bolts. And insulation is everywhereunder the hood, roof, floor . . . even in the trunk. No wonder Fords hang onto their value

Ford's Trigger-Torque Power gives you instant obedience!

Test Drive it! Feel Ford's new Trigger-Torque power obey your commands in a split second! No other '55 car is more exciting to drive . . . nor gives you a greater feeling of security in traffic. And no car maker can match Ford's 23-year experience in building over 15 million V-8's. Why not drive a Ford V-8 home tonight?
